

Become a Recycling Superhero!

When dangerous chemicals aren't recycled properly, it can hurt us, animals, and our air and water. Take them to The Recycling Zone!

Which path should the Recycling Superheroes take to properly dispose of their items at The Recycling Zone?

**You made it!
Thank you for being a Recycling Superhero!**

We can't put this waste in the trash because it ends up in the landfill and can pollute our water and ground.

We don't want to flush or pour it down the drain because the water here ends up in our drinking water.

Go on a Recycling Hunt!

With an adult, find these items in your home that can be recycled at

Dakota
COUNTY

THE Recycling Zone

Bathroom
